

Military training. A practical approach.

- **Psychological conversion to reality** perception and living in presence: 2 weeks in the forest
- **Training on terrorists and enemies** rather than „passive” military exercises. Better focus and exposure to real enemies in practical way.
- **„Banking” towards confrontation.** Cyber-geography(CAD), muds and geo information technology (GIS) technology vs. Cyber-hype. Computer aided management(CAM) and Artificial intelligence(AI).

Military tip:

Military is always concerned about oil and nuclear power as conflict matters. But what more can be a base of conflict than this. Let's say that (Ref: DemonDSP chip Ver3.2, Theory of Evolution Ver1.3.8, Artificial Intelligence Ver 2.5, <http://www.fugeeonline.com/>)we can conclude, that

terrorist cell networks breed on democracy by exploiting the plasma being unprotected in a parasite way. Meaning, that the plasma (Holy spirit) that protects our democracy is basically unprotected and exposable. With this in mind, using and living off the plasma and replicating every possible form of defense to maintain equilibrium justice in the world. In other words. Hell based terrorist cell networks breeds and replicate on our democracy (supported by the Holy spirit, Ref: plasma) in a parasite way. Yet terrorising and sabotaging our society and democracy.

Subject matters: terrorism, hell, democracy, Holy spirit(plasma), mesons, charm particles, quarks, evolutionary processes, genetic algorithms, energy, psychology, conflict, reality, perception.
